

ROUND 1 – INSTRUCTION DOCUMENT

MindFlayer.io – AI vs Human

Prompt-to-Image Challenge

🎯 Objective

Recreate the displayed reference image using **only ONE AI prompt**.

This round tests your prompt engineering skill, visual understanding, and AI awareness.

Task

You will be shown a reference image.

Your task is to:

- Analyze the image carefully.
- Write a single detailed prompt.
- Generate an image using any AI image tool.
- Submit your final output via the Google Form.

❖ Images

❖ Rules

1. Only ONE final prompt submission allowed.
2. You may experiment during the round, but only one final image must be submitted.
3. No external pre-written prompts allowed.
4. Use of image-to-prompt reverse tools is strictly prohibited.
5. Do not share prompts with other teams.
6. Once submitted, no edits allowed.
7. Judges' decision is final.

🏆 Evaluation Criteria

- Accuracy to reference image
- Lighting & composition match
- Prompt structure quality

- Creativity
- Time efficiency
