

## **Round 2 – AI Audio Generation**

### **Theme: Government Facility Emergency Warning**

---

#### Task

**Create a 30–60 second AI-generated audio clip that sounds like an official emergency announcement.**

Your audio must:

- Sound urgent and serious
- Be related to a public safety warning
- Include a clear message to citizens
- Feel realistic and atmospheric

You may decide:

- What caused the emergency
- What danger is present
- What instructions are given

Be creative.
